

# Y3 Mountains, Volcanoes, Earthquakes and Settlements

1. Some of these are mountains in the UK. Which one is the odd one out?

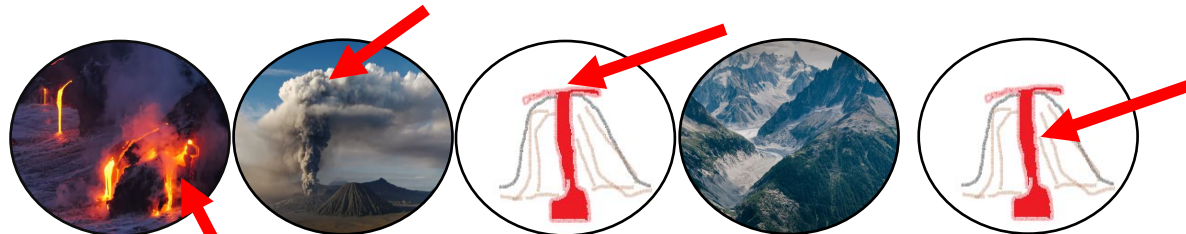

Ben Nevis      Scafell Pike      Snowden      Everest      Skiddaw

The odd one out is \_\_\_\_\_.

I think this because \_\_\_\_\_.

Another mountain that would fit in this set is \_\_\_\_\_.

3. Some of these are parts of a volcano. Which is the odd one out?

lava      ash cloud      vent      range      conduit

The odd one out is \_\_\_\_\_.

I think this because \_\_\_\_\_.

Another part of a volcano that would fit in this set is \_\_\_\_\_.

2. Some of these are parts of a mountain. Which one is the odd one out?

peak      ridge      range      cliff      hill

The odd one out is \_\_\_\_\_.

I think this because \_\_\_\_\_.

Another part of a mountain that would fit in this set is \_\_\_\_\_.

4. Some of these are linked to earthquakes. Which is the odd one out?

crust      tidal wave      after shock      rubble      tectonic plates

The odd one out is \_\_\_\_\_.

I think this because \_\_\_\_\_.

Another thing that would fit in this set is \_\_\_\_\_.
